## DTI "Train the Trainers" Team Going to Cuba — June 2010

After a fruitful workshop last August, and effective implementation by pastors in the eastern part of Cuba, God has arranged for another DTI Team to return in **June** to conduct a conference for 400 pastors and leaders at a church campground in the central part of the island. For five days we will be teaching the DTI curriculum, so that the pastors can begin discipling the people in their house churches, resulting in spiritual growth.

**God worked in amazing ways last year.** For example, God orchestrated a powerful thunderstorm that shut down the lights in the airport, allowing the 400 discipleship manuals to pass through customs. Our Cuban hosts said, "That's not possible!" (*A common saying in Cuba.*) But with God — ALL things are possible!

We heard repeatedly from the pastors that our coming to Cuba was an **answer to their prayers**, and the manuals were an unexpected and special blessing. It's very

difficult to obtain Christian books, and almost impossible to print any materials in Cuba.

**The Cuban pastors face many**

**hardships.** Most don't have the money to attend the conference, but are relying on God to provide. They have been praying and fasting for our return for many months.

**That's where you can help.**

### Would you consider sponsoring a pastor?

- Estimated expenses **per pastor** - **\$20** (*for the entire week!*)
- So our goal is \$8,000.

### Your Gift of \$20 will provide:

- transportation to the meeting
- food for 5 days
- lodging for 5 days
- workshop materials

**Use the form below for your tax-deductible contribution.**

### Praise and Prayer

- Religious visas have been issued by Cuba for our entry into the country, allowing us to conduct the conference!
- The US State Dept has approved our travel, allowing legal re-entry into the US!
- Pray for the Cuban Pastors and Leaders who will attend.
- Pray that God will work another miracle, allowing the DTI manuals / curriculum through customs.
